

## Primate Welfare Meeting: 10 years of supporting NHP welfare

9 October 2015, Central London

| Agenda      |  |
|-------------|--|
| 09:15-10:00 | <b>REGISTRATION and REFRESHMENTS</b>   |
| 10:00-10:10 | <b>Welcome and Introduction</b><br>Professor Sir Patrick Bateson FRS, University of Cambridge  |
| 10.10-10.30 | <b>Update on NC3Rs non-human primate initiatives</b><br>Dr Mark Prescott, NC3Rs  |
| 10:30-11:00 | <b>Training for cooperative handling in a macaque chronic disease model</b><br>Dr Melanie Graham, University of Minnesota  |
| 11:00-11:30 | <b>Efficient chair training of rhesus macaques for neuroscience research</b><br>Dr Anna Mitchell, University of Oxford   |
| 11:30-12:00 | <b>The effect of fluid restriction protocols on the behaviour, physiology and welfare of rhesus macaques (<i>Macaca mullata</i>)</b><br>Ms Helen Gray, Newcastle University                    |
| 12.00-13.10 | <b>LUNCH and POSTER VIEWING</b>  |
| 13.10-13.25 | <b>Thinking inside the box: developing a novel method of refining access and assessment of food and water intake in group-housed macaques</b><br>Dr Caroline Bergmann, University of Oxford    |
| 13.25-13.40 | <b>Primate NACWO Network</b><br>Ms Maria Martinez, University of Oxford  |
| 13.40-14.10 | <b>Impact on data variability of obtaining macaques for toxicology studies in pre-established compatible groups</b><br>Miss Naomi Thompson, Charles River Edinburgh                            |
| 14.10-14.40 | <b>REFRESHMENTS and POSTER VIEWING</b>   |
| 14.40-15.00 | <b>Comparison of the effects of ketamine and fentanyl-midazolam medetomidine for sedation of rhesus macaques (<i>Macaca mullata</i>)</b><br>Dr Henri Bertrand, Newcastle University            |
| 15.00-15.30 | <b>A grimace scale for post-operative pain assessment in macaques</b><br>Dr Sarah-Jane Vick, University of Stirling & Dr Matt Leach, Newcastle University                                      |
| 15.30-16.00 | <b>Face recognition and behaviour identification: using techniques from computer vision to monitor welfare in macaques</b><br>Dr Claire Witham, Newcastle University / MRC Centre for Macaques |
